

## Forfeit Policy

Before game day...

The Coach must notify their commissioner at least 48 hours in advance and in writing of intent to forfeit a scheduled game. If this process is not followed, the coach is responsible for reimbursement to the league for the game's full ref fees.

If a team has an outstanding balance when the season is over, they will not receive a referee check from the league the following season.

On game day...

If either team does not have enough to play by 10 minutes after scheduled kick-off, then the game is considered a forfeit.

If the teams decide to stay and scrimmage, then that is their decision.

Referees are not required to stay for a scrimmage, as it is not considered a sanctioned game.

Minimum number of players needed to start an official game is as follows:

U5/U6- 3 per team

U7/U8- 5 per team

U9/U10- 6 per team

U11-U19- 7 per team
