

Skills Sessions for Grades K-6

CYSA is happy to announce another great option for skills development! Our Coppell HS Varsity Men's and Women's Soccer Coaches will be running 4 special skills sessions for just \$20! Pre-register online to get that price or you can drop in for the sessions that work for you for \$10 each. Due to UIL rules this is limited to grades K-6. Teams are welcome to come together if this falls on your practice night. CYSA coaches can come and observe!

Women's Varsity Coach Ryan Dunlevy and Men's Varsity Coach James Balcom will be running the skills sessions themselves each night and are excited to get to meet our players, who may very well one day be playing for them at the high school! What a great opportunity to get to know the high school coaches!
